SUMMARY

Motivated software developer with a strong foundation in programming and a passion for building user-friendly, efficient applications. Committed to team success through attention to detail, a continuous desire to learn, and a drive for high-quality results. Eager to contribute to innovative development projects and expand technical expertise in dynamic environments.

EXPERIENCE

Software Developer Intern, TechCiti Software Consulting Pvt. Ltd., Bengaluru - 1 Month

- Collaborated with a team of developers to design and maintain responsive, user-friendly web pages.
- Gained hands-on experience in front-end development and back-end integration using Django.
- Assisted in troubleshooting and debugging, leading to improved site performance and stability.

TECHNICAL SKILLS

- **Programming Languages:** HTML, CSS, JavaScript, Java (Basic), Python (Basic)
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Django (Basic)
- **Databases:** MongoDB, MySQL
- **Tools:** Git, VS Code

SOFT SKILLS

- Strong problem-solving and analytical abilities.
- Proactive team player with a confident, positive attitude.
- Quick learner with a drive for continuous growth.
- Highly dependable, punctual, and adaptable.

CERTIFICATIONS

- NPTEL Certification - Cyber Security and Privacy (Completed 2023)

PROJECTS

Web Page Builder using Django

- Developed a platform that enables small businesses to create and customize websites without coding.
- Utilized Django for back-end management and dynamic content generation, improving usability and client engagement.

Air Canvas - Drawing with Finger Gestures

- Built a hands-free drawing tool using Python and OpenCV for real-time finger tracking.
- Enhanced accessibility for users with limited mobility, offering an intuitive creative interface.
